

- ◁ Swimming provision at KS2 has begun. We will record the number of children achieving the national expectation of swimming 25m at the end of KS2.
- ◁ Engagement of all pupils: the pupils at Avanti Gardens are all highly engaged and motivated by sport and physical education lessons- most of whom have not participated in National Curriculum P.E before.
- ◁ Lunchtime Sports provision (offered via a Sporting Chance coach) has improved outside behaviour Tuesday through toW*

To continue to provide an engaging P.E and Sports curriculum to enhance the skills our children have and expose them to a wider range of activities.

AGS has developed a PE curriculum that exposes children to a broader range of Sports than previously the Games curriculum at Steiner Academy Bristol.

The AGS PE curriculum provides activities for the children to build on skills progression over the years.

Evidence: Learning walks/pupil voice

Impact: Children are more active throughout the day, in break times and lunchtimes.

Pupils have an opportunity to practice and apply skills learned in focused PE sessions.

£5,000 Equipment

£12,000 Sports Coaches
